OH:

M 12p - 1p @ 611 Soda

Tu 4p - 5p @ 751 Soda

# Administrivia

- Sections are temporary for the first two weeks.
- Find a group (size 4-5)
- Starting two weeks from now your group and you will be assigned a section, you **MUST** attend that section

# Administrivia

- Group Signup by 1/30 11:59 pm (next Thurs)
- Quizzes in section (worth 5 percent!)
- Check my website for updates & stuff

# Project Grade Breakdown

- Design Doc [40 pts]
  - Initial Doc [10 pts]
  - Design Review [10 pts]
  - Final Design Doc [20 pts]
- Code (autograded) [60 pts]

# **Most important thing ever**

~~Version Control~~ Git

# Git

- If you haven't already please learn to use Git
- There is more to Git than meets the eye (more than pushing and pulling)
  - Rebasing
  - Cherry-picking
  - Bisecting
  - Much more...
- Since there isn't much material so far, I will go over some git basics (for beginners), and git tips and tricks for the more experienced during my office hours next week, feel free to drop by!
- Course private github repos will be given once groups are assigned

# Why Study OS?

- Complex (lots of moving parts)
- All your programs run on them
